

THX CINEMA SERVICES

THX Cinema Services is an on-site installation and integration organization for digital cinema and beyond. With a network of highly trained technicians, THX Cinema Services brings an independent resource to the exhibition industry to provide a complete support and maintenance solution to theaters.

As the transition is made to D-Cinema, a theater operator must not only install new equipment, but also train employees to maintain the equipment on a regular basis. This is where THX Cinema Services comes into play, offering solutions that range from product installation to field training of cinema personnel. The experts at THX Cinema Services are skilled on a variety of equipment manufacturers and technology formats, ensuring dependable and consistent turnkey support.

THX Cinema Services also provides a comprehensive set of services that go beyond D-Cinema, covering film projection, audio equipment and pre-show systems for both THX Certified and non-Certified venues.

Support services include:

- D-Cinema system installation & support
- Presentation system maintenance
- Digital advertising system installation and service
- Site surveys
- Project planning & management
- Evaluation and maintenance of existing equipment for both D-Cinema and film
- Audio system upgrades & calibration
- CompTIA Network+ Certified
- Recommendations for system improvements and efficiencies
- Individualized booth analysis
- Equipment rack assembly
- THX certification & re-certification testing
- Education & training
